Dear Team,

I have recieved my insurance amount today on account of loss of licence due to PMU and I am very grateful to the every member of FIP team for their support during my tough times and getting my claim within very short period of time.

I am also grateful to the Bajaj Allianz team for creating such a nice insurance plan which protects the pilots in loss of licence cases temporarily as well as permanently.

Wishing you all the best for the great social work.

Warm Regards,
