

Mumbai.

15 Sept 2007

To,
The President,
Federation of Indian Pilots,
Mumbai.

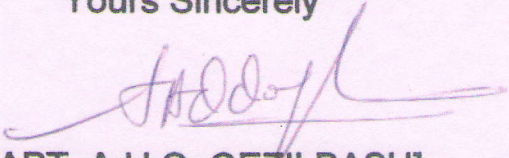

Sir,

This letter to the Federation of Indian Pilot is to express my deep gratitude for the prompt financial relief I received in the form of FIP license Insurance after my permanent unfitness from flying on Medical grounds in May 2007.

For a pilot permanent unfitness from flying causes drastic change in life, as the total termination of job leaves him with no means to support himself and his family. Having gone through this Ordeal I will advice every commercial pilot to be part of the FIP and to give strength to this organization which in no uncertain terms is the corner stone on which the edifice of pilot welfare stands. I do thank most sincerely the managing committee for approving my case and appreciate the hard work put in by the office staff specially Mr. Thomas to get sanction of my insurance done in a very short period.

Thanking You.

Yours Sincerely

[CAPT. A.H.Q. QEZILBASH]
