Dear Sir,

At the beginning of this year I was diagnosed with a rare life threatening blood disorder. This came as a bolt from the blue for me and my family. The immediate impact was that of my flying coming to a halt and being assessed medically unfit.

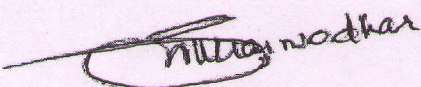

I have been a member of the FIP for the past several years and have been availing of its Loss of Licence Insurance Policy which it extends to its members through Bajaj Allianz.

Consequent to my medical unfitness I approached your office for help. I found that processing of my loss of licence claim through FIP has been one of easiest tasks I have undertaken in the past few months. The staff has been extremely helpful and realization of the claim hassle free. The FIP has gone out of its way to sort out the paper work on my behalf without troubling me. It has been extremely considerate towards my medical status and treatment and ensured that I get my claim within the stipulated time.

Today as I receive my claim amount, I wish to thank you and your staff for all the help extended. I am happy that FIP has provided this wonderful facility for its members. I can only urge all pilots to view my case and waste no time in signing up for insuring their licence.

Thanking you,

Yours sincerely,

S.W. Kharwadkar
